ROYAL VANE'S ATLANTIC GLIDDEN TOUR GOES ON.

from Chicago to South Bend.

[By Telegraph to The Tribune.] South Bend, Ind. July 15.—After a two days' rest at Chicago the motorists taking part in the American Automobile Association tour for the Glidden and Hower trophies resumed their long journey to New York this morning with a run back to South Bend. The tourists showed the effects of the rest, and were prepared for the strennous runs, scheduled for each day this week. The 109-mile run to-day was not as easy as the trip from here to Chicago last Friday, as a rainstorm made the roads look more like pends in places, while there was much deep sand and mud to wade through, that told on some of the cars.

Before the start, dark, heavy clouds hovered in the sky, but when the first cars were sent away at 9 o'clock the sun had come out strong. The condition of the roads became worse as the tourists progressed, and at the ratiroad crossing at Croker, the contestants encountered the worst stretch of road. Here the cars had to plough through mud up to the hubs, and many of the drivers stopped to put on non-skid chains. There were miles of fine macadam road, however, on

which excellent speed was made.

Three cars were withdrawn at Chicago this g/orn-Ing-the 60-horsepower Shoemaker car, as its driver did not have any extra springs; the 40-horsepower Thomas car of R. P. Chapin, and the 16-horsepower Reo of R. M. Owen. The Shoemaker and the Thomas cars will remain in the contest as

non-contestants.

The 40-horsepower Aero car of George F. Barr arrived here so late to-night that it was penalized 104 points. The 108-horsepower Matheson car, runing for the Hower trophy, withdrew, owing to two

ning for the Hower trophy, withdrew, owing to two broken connecting rods.

The Automobile Club of Buffalo and the Automo-bile Club of Pittsburg teams are still leading for the Glidden trophy, with perfect scores. The plan tried to-day of having a pacemaker, and of giving a card to each driver, with the number of his start, worked successfully. Whenever a car that was delayed en route wanted to pass another that started later, the driver of the delayed car would toot his horn then show his number. toot his horn, then show his number. The persons in the leading car were then supposed to show theirs. If the car in front started later, its driver was supposed to let the delayed car go ahead of

The first car reached here at 1:30 o'clock and the others followed at intervals. The cars were met at New Carlisle by a committee of local mo-

met at New Carnsto by torists.

The run to-morrow will be to Indianapolis, through Lakeville, Plymouth, Rochester, Perrys-burg, Bunker Hill, Miami, Kokomo, Tipton and Noblesville. The distance is 147 miles and the running time is eight hours.

### GLIDDEN TOURIST GETTING BETTER.

Bryan, O., July 15.—Thomas J. Clark, the Chicago Glidden tourist, who was thought to have received fatal injuries when his car turned a somersault near here last Tuesday, has rallied and his condition was greatly improved this afternoon. Death was momentarily expected yesterday, and the last sacrament was administered to Clark.

### TIMELY, AUTO TOPICS.

### Feeling Against Vanderbilt Cup Race in New Jersey Grows.

The leading newspapers of New Jersey are making a systematic crusade against the holding of the automobile race for the Vanderbilt Cup in that state, and there now seems to be some doubt about the Senate passing the Lee bill concurring with the Perkins measure, passed by the House.

The House bill amends the Frelinghuysen automobile law, and provides that part 6, section 22, subdivision 3, shall read as follows:

Third—No person shall drive a motor vehicle upon any public street, public highway, public road, public parkway, tumpike or public driveway in this state in a race or on a bet or wager; proin this state in a race of on a bet of wager; pro-vided that the authorities having charge of roads, streets or highways of the several counties are hereby authorized to designate and set apart a highway or highways to be used at such time or times as may be appointed by the said authori-ties having charge of the roads, streets or high-ways, in the period from September 1, 1997, to Jan-vary 1, 1998, for the context by water websides for ways, in the period from September 1, 1907, to January 1, 1908, for the contest by motor vehicles for the challenge cup donated by William K. Vanderbilt, fr., such contest to be held under the direction and supervision of the American Automobile Association and the Associated Automobile Clubs of New Jersey, and to that end they are authorized to restrict the use of said highway or highways on certain days or parts of days included within the above described period to the purposes of said contest and the trials and elimination tests preliminary and incident thereto.

The authorities having charge of the roads are authorized to make rules and regulations for the government of the highways during the cup race, "consistently, if possible, with the rules and regulations to be submitted to such boards by the American Automobile Association and the Associated Automobile Clubs of New Jersey," and to "provide for the placing of fences or the stationing of constables, or both, at the intersections of such highway or highways, so designated and set apart, with crossroads, and to provide such other safeguards and protection to the public on the occasion set apart for such Greenwich, Conn., July 15.—The Fairfield County Golf Club cup was wen to-day by A. A well known New Jersey politician said last night that the feeling against the race was growing so fast that the Governor would hardly sign the bill, even if it is passed by the Senate, inasmuch as he has declared that he would be guided to a large extent by public sentiment.

THE AMERICAN DAVIS CUP TEAM.

KARL H. BEHR.

### VICTORY IN DOUBLES FOR AMERICAN TEAM.

Wright and Behr Beat Brookes and Wilding in Hard Fought Lawn Tennis Match for Davis Cup.

London, July 15 .- Beals C. Wright and Karl H. Behr brought a ray of hope to the Americans gathered on the Wimbiedon courts here to-day by defeating Norman E. Brookes and A. F. Wilding, the Australasian team, at doubles in the continuation of the preliminary lawn tennis matches for the right to challenge England for the Davis cup. The score was 3-6, 12-10, 4-6, 6-2, 6-3. The standing is now two matches to one against the American team, as Wright was beaten by Brookes and Behr was defeated by Wilding in the singles on Saturday. The American players must win both singles matches tomorrow, when Behr faces Brookes and Wright meets Wilding, to earn the right to meet the English team for the trophy.

The match to-day was one of the best and hardest fought ever seen at Wimbledon and the big gallery cheered and applauded the many brilliant shots with great enthusiasm. The Australasians had rather the better of the match in the early part and led at two sets to one, but they tired in the two last sets and the American players, getting stronger apparently, fairly carried them off their feet. The victory was a popular one.

born of recent successes, began with a rush and won the first set rather easily at 6-3. The American sympathizers groaned, as it looked all over but the shouting. They failed to count on the fighting qualities of Wright and Behr, however, who settled down in the second set and gave one of the prettiest exhibitions of lawn tennis over seen. The set finally reached deuce at 5 all, and the games alternated to 10 all before Wright and

Brookes and Wilding, with the confidence

Behr broke through and won two games and the set at 12 to 10, amid a storm of cheering. The Australasians came right back in the third set, and in spite of all Wright and Behr could do won at 6-4. The American stock again fell, but to the surprise of the big gallery Wright and Behr appeared much the stronger in the fourth set and won rather easily at 6-2. The fifth and deciding set was a repetition of the fourth. Wright and Behr continued hitting the ball hard and true, and won at 6-3. In spite of the strong play of the American team to-day, the Australasian pair is favorite for the matches to-morrow. Wright may beat Wilding, but Behr is not considered a match for Brookes, who recently won the All-England championship.

Harry Torrance were not on hand to defend the title, which they won last year on the courts at Staten Island.

Rufus Davis, the referee, who has set a new standard of management of tournaments by his holding the players up to the rules in the state meeting, declared that, though it was unsatisfactory to him, he had no recourse than to declare the matches defaulted and to award the championship. He took the same action in the final round of the consolation singles, which went to M. Burt. The latter had engaged Dr. William Rosenbaum in an unfinished match in the final, in which the latter

Chicago, July 15.—While the home team was accumulating fifteen runs to-day the Yankees were unable to get a man across the plate. It was the first of a six game series, and nothing in the playing of the New York team indicated that it would

Poor and sloppy support lost the game for McGianity yesterday when the Cincinnati Reds beat the Giants in a listiess game at the Polo Grounds, by a score of 5 to 2. McGianity pitched well and steadily, but the visitors had less trouble than usual in finding him and by bunching their hits in the third inning won the game then and there, as the Giants made no noticeable effort to overcome the slight lead through the rest of the game. In the last inning, after the visitors had got eleven hits off the "Iron Man," most of which could have been pulled down by the use of a little ginger out in the field, Ames was put in.

In the last inning every New York player excepting the four men next on the batting order waiked off the field, as though in certain knowledge that they would not so to the bat again. Dahlen and Shay both filed out; Bowerman singled, which made Breennhan bat for Ames, but he filed out on the first ball pitched.

Ewing pitched a remarkably good game and the Giants got only six safe hits off him. His support helped him materially in holding down the Giants got only six safe hits off him. ### PLAY ON LOCAL COURTS. | "LYNCH HIM!" CRIES MOB.

## Who Hit Woman with Brick.

A mob of five hundred persons pursued the negro A most of the mannier persons pursued the negro driver of a sand truck in East New York yesterday afternoon after he had knocked down Mrs. Rosie Goldstein, twenty-one years old, of No. 163 Chester street, with a brick when she remonstrated with him for nearly driving over her and her baby girl, which she was trundling in a gocart.

Mrs. Goldstein started to cross Pitkin avenue at Chester street when the sand truck horses came at a gallop up the street. She darted aside just in time, the little gocart almost being upset. Mrs.

time, the little gocart almost being upset. Mrs. Goldstein cried to the negro that she would cause his arrest for careless driving.

"You will, will you?" he yelled with an eath.

"Take that, you —," and picking up a brick in the truck struck her in the breast, knocking her down and cutting the flesh deeply.

She fell fainting and men made a rush for the driver with angry yells. The negro struck two men over the head with the heavy wood handle of his whip. As they fell back he got his horses into a run. Crowds took up the chase, crying out to lynch him.

him.

Mrs. Goldstein was taken to St. Mary's Hospital and then to her home. Detectives arrested William Lingo, twenty-six years old, of No. 1705 St. Mark's arenue. She identified him as her assailant. He was locked up charged with felonious assault. KIRKSTINE ADMITTED TO BAIL.

Henry Kirkstine, the Postal Telegraph operator held as a witness in the Heuse of Detention in the Chester B. Runyan case, was admitted to bail the Chester B. Ruhyan class, was admitted to half yesterday. Kirkstine was arrested as a close friend of Mrs. Laura Carter, who betrayed Runyan, the abscending paying teller of the Windsor Trust Company, into the hands of the police. Bail was fixed at \$60, the original amount, and despite District Attorney Corrigan's request that it be increased.

creased.

The arrest of Mrs. Florence Woods, Mrs. Carter's sister, notwithstanding, the police apparently have come no nearer to the discovery of the \$25,000 still unaccounted for.

STEAMER FLOATED AFTER FIVE MONTHS. Buffalo, July 15.-The propeller Hurlburt W. Smith, which was blown ashore off Michigan street in a gale last January, was refloated at noon today. The work of dredging a channel from deep water to the stranded vessel proved most difficult, owing to the shifting of sand in subsequent storms.
